Hygiene		Carendo	BIB2004-01		The Carendo multipurpose hygiene chair facilitates an efficient hygiene and showering routine within a single transfer, while allowing a comfortable working posture for the caregiver throughout the process. Supplied with 2 x batteries and a charger. SWL 136 kg. Carendo Hygiene Chair with 2 x batteries, charger, seat cushion, back cushion, & bed pan holder	www.arjo.com/en-au/products/hygiene/shower-systems/carendo
Hygiene		Carino	BOC1004-01		Designed to reduce the number of transfers required for assisted showering and hygiene, Carino enables a single caregiver to perform everyday hygiene tasks such as washing, toileting and foot care. The Carino is also designed to allow an independent resident to self transfer in and out of the chair, allowing the resident to safely manage their own hygiene process if appropriate. Supplied with 2 x batteries and a charger. SWL 140 kg. SWL 140 kg.	www.arjo.com/en-au/products/hygiene/shower-systems/carino/
Hygiene		Carevo Shower Trolley	BAC1113-01		The Carevo shower trolley is designed to provide a comfortable shower experience for patients and residents who need to remain in a lying position, while enabling the caregiver to work efficiently and ergonomically. It's award winning design reduces back strain and patient handling risk for carers. Supplied with 2 x batteries and a charger. SWL 200 kg.	www.arjo.com/en-au/products/hygiene/shower-systems/carevo/
Hygiene		Basic Shower Trolley	BAB5000-01		* Basic can be used to collect a patient or resident from the bedside via lateral transfer, or with our range of ceiling lifters and passive floor lifters. Once securely placed in the shower trolley, the patient or resident may then be transported directly to the shower and back without the need for manual lifting, thus reducing workload for the caregiver. * Height-adjustable shower trolleys operated with hydraulic pump. * Comfort and repositioning. * Foldable side supports can be lowered to facilitate lateral transfers, and raised to provide support for the patient/resident. Once raised, they can be locked in place with double safety latches. * Come with padded mattresses designed with recessed drains and run-off channels, as well as a drainage hose and drain plug. * Safety brakes on all four castors. SWL: 175kg	https://www.arjo.com/int/products/hygiene/shower-systems/concerto-and-basic/
